

COVID-19 Safety Measures

In addition to the normal site guidelines, the following additional measures are in place to make sure that groups can continue to use and enjoy our site safely during these difficult times. If you have any questions or concerns, please email us - bookings@drumhill.org.uk.

Advanced Booking is Mandatory

Only groups who have pre-booked onto site, a minimum of 48hrs in advance will be allowed onto site. All other groups will be turned away.

Congregate in the Top Car Park and Stick to your Allocated Area

Group Leaders should arrive early to meet Young People. Young People arriving first should wait in cars until Group Leaders arrive. Assemble in the allocated space in the car park, and stick to your allocated space on site (see enclosed map) during your visit. Parents are to remain on the top car park, and observe social distancing while dropping off or collecting their children.

Maintain Group Ratios

You must stick to the maximum group size, as described in Government Guidance. This is currently a group size of maximum 15 persons. Adult to Young Person ratios still apply

Bring Hand Sanitiser for your Group

It is your responsibility to provide Hand Sanitiser for your group. We will keep the toilets stocked with soap and paper towels only.

Obey All Signs

We've put additional signage around site as a reminder of the additional measures that must be followed. It is your responsibility to make sure that your group follows these.

No Entry to Reception Building

If you require assistance during your visit, a member of the on-duty Service Team will be on hand in the top car park. Please wait near the decking area around Reception and someone will assist you.
